

FareShare Merseyside

FareShare Merseyside & North Wales (FSM) are pleased to have the opportunity to offer the following services to the HAF providers situated within Liverpool:

Community Food Membership

Holiday Provision Membership per play scheme, 13 weeks per year collection or delivery of 80kg chilled, frozen and or ambient food. This food will be used to deliver meals and snack to the children and their families attending the play scheme.

Community Pantry

A Community Pantry (or equivalent) is a food scheme that exists to provide a sustainable and affordable source of food to members of the community. Also, sometimes known as a 'Social Supermarket' or 'Larder', a Pantry typically redistributes food that is surplus to individuals through a membership scheme, which provides a certain amount of food items each visit for a set weekly or monthly fee.

Typically, weekly fees range from £2.50 - £5, which gives members access to different categories of food up to an approximate value of £15 - £25 per week. Pantries are distinct from discount supermarkets or foodbanks as they offer members other support services, such as employment or financial advice, and aim to make a wider social impact, for example improving health and well-being and/or reducing social isolation. FareShare Merseyside & North Wales (FSM) are in negotiations with the CAB, creating a partnership approach. FSM will support the setup of a pantry, supply weekly food deliveries consisting of 80 kg frozen, ambient and or chilled food for 13 weeks of the year. The CAB will provide support services to the pantry's members for example, debt advice. Having a CAB representative on site on the day the pantry is available to the community.
